Changes Since 1896

For more than ten years the Republican party has been in charge of all departments of the government. The people seldom exhibit such steadfast confidence in a party or trust it with entire control for so long a period. Another national election is at hand, and it is right that they should carefully review the manner in which the responsibilities have been carried, passing judgment upon the influences and issues that have been paramount and the policies that have been adopted. The presidential election of 1896 hinged upon the value of the dollar. Should it be scaled down one-half or more, or be kept up to the gold standard, the only measurement accepted throughout the world? Should the debts of the nation be paid in 100 cent dollars or be adjusted, without the consent of creditors, to an arbitrary reduction? The gold standard prevailed and has been established by the party that promised to do it. Such is the power of example that nearly all the nations of the earth now recognize the uniform standard, and the few nations that do not are placed at a disadvantage. All that the Republican party promised in regard to the value of the dollar has been fulfilled.

Nearly eleven years ago the protective tariff was restored by Republican votes. Another distinct promise was thus fully redeemed. The present tariff law, shaped by such practical economic students as McKinley and Dingley has been in force for more than a decade. It is identified with the country's greatest era of prosperity. Its enemies said a return to protection would destroy our foreign trade. But the opposite has happened. Our sales abroad, including manufactures, have largely increased and at this time the balance of trade in our favor is at the highest recorded point. But some unexpected things have happened since that 1896, calling for the proof of the ability to meet emergencies not looked for. The war with Spain came in 1898 and was ended before the close of that year. Its story is well known to the people. Within the decade referred to Hawaii, the Philippines, Porto Rico and some other islands have been added to the national territory. We have looked to Cuba's interests as a ward while it tries to organize a stable government of its own. A Panama zone has been acquired and the interoceanic canal is moving on rapidly.

An irrigation law has passed and \$40,000,000 is going into various large projects to furnish the arid lands with the water that will open them to the uses of agriculture and insure that a part of the crops will always be secure from drought. A pure food law is in force. Our interests in the Pacific have been looked to with vigorous effectiveness. Relations with Latin America have been strengthened by marks of friendly interest. Army and navy shows progress. All forms of production and industry have been stimulated and American wages maintained. The savings of the people are vastly greater than they were ten years ago. A panic of limited excitement occurred last fall, whose cause is said to have been a lack of sufficient currency to carry on the immensely augmented volume of trade. A temporary loss of confidence had something to do with it. Monopolistic trusts have been made to feel that the power of the people will be used against them. This summary of what the Republicans in national control have done since 1896 could be much extended, but the samples given are amply convincing.

I am required to pay for this matter at regular advertising rates, so I cannot give as full an account as I should desire. I was, in last week's issue, accused of "knowing too much." I cheerfully admit it, and think the public cannot know too much either, so quote the following items taken from Public Records, Part of Claim No. 629, Page 73, General Fund Claim and Warrant Register. Some of you may remember that I claimed the "Assessor's Law" to be unsound, and pledged myself not to take advantage of it. The following, in my opinion, confirms it. Quoted below is one week's expense items of "Assessor," and a little multiplication will enlighten many. I shall no doubt antagonize certain persons, but as this is a matter of public interest, I believe the public will stand by me. These items have been O. K'd by assessor and paid for, and ask the taxpayers careful consideration of same:

Republican nominee for Assessor.

OUR PORTLAND LETTER

(Special Correspondence)
PORTLAND, OR., May 4th, 1908.

A special delegation leaves Portland today for Boston, where the National Retail Grocers Association will convene next Monday, to invite that Association to hold its 1909 session in Portland. Dr. J. Whitcomb Brougher, pastor of the "White Temple," goes to Oklahoma City to attend the Northern Baptist Convention the middle of this month. Rev. William Hiram Fonkes will go to Kansas City to participate in the General Assembly of the Presbyterian Church. Portland will endorse in the heartiest manner the invitation to be extended by Seattle for the 1909 convention of this body.

The Commercial Club of Walla Walla, Washington, has passed resolutions urging the railroad companies to grant a one-fare rate for the round trip, by continuous passage, between points in interior Washington and Oregon and the seaside resorts of these two states. It is understood that the Club also favors a higher rate when sleeper privileges are allowed. The Walla Walla Club has requested the commercial bodies of Eastern Oregon, Washington and Idaho as well as the Commercial Club of Portland, to pass similar resolutions. It is hoped that favorable action may be taken by all, as the people of the interior should be given the opportunity of visiting the coast especially during the summer months, at the least possible cost.

The Mount Angel Commercial Club is the latest affiliation with the Oregon Development League.

The Sumpter Valley Railroad, comprising a length of sixty-seven miles between Baker City and Astoria, Oregon, runs through the Sumpter mining belt and is soon to double its mileage. Today ninety three percent of the freight of this road comes from the timber, though it is not generally known that Baker City is a lumber center.

It will be the fifteenth of May before the new eight story steel building of the Portland Commercial Club will be ready for occupancy. The club will formally open its new quarters on June 12th, the anniversary of the laying of its corner stone. The cost of the building and its furnishings has been \$434,000.

Hot Lake, Oregon, has become one of the most popular resorts between the rocky mountains and the Pacific Ocean. The lowest attendance for many months has been one hundred and thirty.

Last week witnessed the most successful sale of horses ever held in Portland. Breeders and buyers from Washington, Oregon, Montana, Idaho, California, and British Columbia were there, with a liberal sprinkling of Eastern owners. The average was \$240 each for every horse sold during one day of the sale.

Mr. John Riha, of Vining, Ia., says, "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold." Sold by A. J. Dading and Scappoose Drug Co.

MR. HARRISON'S STATEMENT.

Mr. Alfred S. Harrison, Republican nominee for county assessor, publishes a statement in the Mist this week which he seems to consider a reflection upon the methods of the present assessor, or upon the law under which the expenses of the assessor's office are allowed. Mr. Harrison has taken a number of items from a bill presented by Mr. Laws to the county court, and says, "I am required to pay for this matter at regular advertising rates, so I cannot give as full account as I should desire." The Mist, in order that Mr. Harrison may have no cause for complaint, reproduces the entire bill from which these items are so ingeniously culled.

Mr. Harrison also claims that the items he has culled constitute "one week's expense items of assessor, and a little multiplication will enlighten many." The inference seems to be that by multiplying \$29.75 by 52 we will have the field expenses of the assessor, for this was all field work and included expenses for several men and a horse, and, though all receipted for in seven consecutive days, represents expenditures for a considerable longer period. He also says "These items have been O. K'd by assessor and paid for, and ask the taxpayers careful consideration of same." The items are receipted for by the persons who furnished the goods (whether work or service) and to say there is anything wrong about this bill is to say the persons receiving the money entered into a conspiracy with Mr. Laws to rob the county, for in no other way could Mr. Laws benefit by the value of a cent.

The horse referred to in the bill was hired of Mr. Joseph Houlton. Another horse was hired of Mr. M. C. Gray. To read Mr. Harrison's statement one might infer that the horse referred to was the one of which some mention was made in the primary campaign; but that was only a campaign horse and had no real existence.

The entire bill from which these items were selected was for \$33.50 and following are the items together with the names of those furnishing the meals, horse, horse feed, labor, etc., each bill being properly receipted. "It will be seen that all the charges are reasonable, and if Mr. Harrison expects to pay such expenses out of his own pocket, in the event of his being elected assessor, we would like him to enter into a contract with the county to that effect, with good and sufficient bondmen:
